

Cornerstone

“The stone that the builders rejected has become the Cornerstone”

Matthew 21:42

What is Cornerstone?

The Cornerstone experience is a mixture of personal talks, reflections, private time, sacraments, and group activities all leading the participants to a deeper sense of their own spirituality. The 26-hour spiritual experience revitalizes your relationship with God and enhances the building of community with members of our parish.

Separate weekend experiences are held for men and women.
